Guidelines for online sales and distribution of products of Sonova Hearing India Private Limited

Effective: 1st June 2019

Sonova Hearing India Private Limited ("SHIPL"), sells medical devices including hearing aids and wireless hearing accessories (the "Products") in India inter alia which bear the trademark and brand of "Phonak" and "Unitron". In the Indian market, SHIPL sells its Products through its authorised distributors and dealers, who provide high standards of best practices, including in hearing assessment, fitting, programming and subsequent rehabilitative services to its patients. Authorised dealers follow a recommended protocol and have knowledge of SHIPL's technology, skills and/or expertise in regards to the suitability, programming and fitting of the Products and software, therefore in an individual appointment they are able to provide patients with numerous value added services including but not limited to, (i) evaluation of the patient's hearing loss through an audiometric test, (ii) select the right technology for the patient as per the patient's needs; (i) fine-tune the hearing aid fitting with available software based on patient-specific behavioural measures and (ii) provide counseling and aural rehabilitative services relative to the patient's specific needs, including care and maintenance of the hearing aid, (iv.) replacements and (v.) instructions on hearing aid features, such as how to utilize it with wireless systems by applying their knowhow of the Products. Due to such services and support provided to the patients, it is beneficial to the patients that the Products are provided beyond our authorised distributors (who sell to our dealers) and our dealers. In addition, it is SHIPL's right to protect the sanctity of its distribution channels, including both online and offline sales, in an attempt to safeguard the good will and reputation of its Products and its brand image. Every seller who wishes to sell SHIPL's Products online is required to obtain prior written approval from SHIPL for the sale of its Products. In this manner, the risks associated with online sales of its Products are minimized by SHIPL. SHIPL will, without assuming any liability, refuse to accept sales of its Products made through online market places by any seller or by e-commerce platform (not being an authorized distributor or dealer of SHIPL, who fall under the subsequent paragraph), and no after sales and warranty may be granted by SHIPL (at its discretion) in relation to such unauthorised sales.

The above mentioned guidelines are also applicable to all authorised distributors and dealers of SHIPL, who are hereby restrained from using, marketing, advertising, displaying or supplying for sale, SHIPL's Products on any online platform without the prior written approval of SHIPL. SHIPL will independently determine noncompliance of the above guidelines. In the event an authorized distributor or a dealer does not comply with the above guidelines, SHIPL may take action against such authorized distributor [s] and dealers, including discontinuation of its engagement with them. As on 1st June 2019, SHIPL has not authorized any person, proprietorship, firm, company or e-commerce marketplace to sell its Products online. Anyone found listing, selling, marketing, advertising, displaying or supplying for sale, SHIPL's Products on any online marketplace or e-commerce platform and displaying SHIPL's images and logos in connection with such sale, without obtaining prior written approval from SHIPL, will be considered as infringing SHIPL's intellectual property rights and may be subject to legal proceedings at its sole risk and cost.

* Price list effective from 1st June, 2026

This price list supersedes all previous price lists and is subject to changes without any prior notice.

EAR Anatomy

life is on

Since 1947, Phonak is dedicated to preserving life quality by opening new acoustic worlds. Already back then, in the days of our foundation, our company was driven by a formative conviction: We believe that well-hearing equates to well-being and thus is essential for living life to the fullest. In fact, the sense of hearing is directly linked to social, emotional, cognitive and physical well-being. Today as in future, we thrive to offer the broadest portfolio of innovative hearing solutions. And, together with our hearing care professionals, we keep on focusing on what matters most: improving speech understanding, changing people's lives and having a positive effect on society as a whole.
